# ADMINISTRATION OF DISPERSIBLE AL

## Children 5kg to less than 15kg

1 tablet twice a day for 3 days

Put AL dispersible  
on a table spoon.

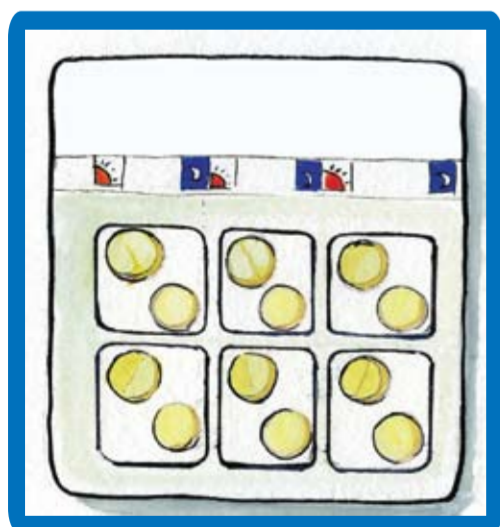

Add a little water  
and mix well.

Give now. Make sure  
the child drinks all  
the medicine.

## Children 15kg to less than 25kg

2 tablets twice a day for 3 days

Put AL dispersible  
on a table spoon.

Add a little water  
and mix well.

Give now. Make sure  
the child drinks all  
the medicine.

**For the dosing schedule of AL, refer to the AL dispensing procedure job aid**
